The Appeal Brief filed on 09 January 2007 is defective for failure to comply with one or more provisions of 37 CFR 41.37.

To avoid dismissal of the appeal, applicant must file an amended brief or other appropriate correction (see MPEP 1205.03) within **ONE MONTH or THIRTY DAYS** from the mailing date of this Notification, whichever is longer.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136.

Continuation of #10:

With regard to #1: The argument section of the appeal brief does not contain the overall title of Argument. As it is currently written, it appears that the arguments are placed under the title of Grounds of rejection to be reviewed on appeal.

With regard to #4: The applicant failed to include a concise explanation of the subject matter defined in each of the independent claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters. The applicant has also included the dependent claims in the explanation. Only the independent claims should be included in the section.

With regard to #5: The applicant has failed to include a concise statement of each ground of rejection presented for review. The applicant included an overall statement with regard to the obviousness rejections instead of listing each 103 rejection separately.
